To Whom It May Concern

Dear Madam/Sir,

Our company, namely EFA Ventures, a company registered and operating under the laws of the Hellenic Republic, has been selected to provide aerial firefighting services with the provision of medium lift helicopters to the Ministry of Citizen Protection of the Hellenic Government.

Towards that end, Aviation Industry Company PANH Helicopters (PANH) was introduced to EFA Ventures in 2019, where it has selected and acted as our subcontractor during the successful undertaking and execution of an NATO Support and Procurement Agency (NSPA) Contract for leasing of fire-fighting helicopters for the Fire Fighting seasons of 2019 and 2020.

PANH achieved great performance, delivering their services with punctuality and professionalism under difficult conditions and high responsibilities, satisfying both EFA Ventures and the Hellenic Republics Hire Brigade, which was the recipient of our services. PANH with their high level expertise in, crew performance, aircraft maintenance and flight safety has contributed significantly in our country's firefighting efforts.

EFA Ventures hereby confirms PANH reputation for providing excellent helicopter leasing services and therefore is highly recommending them for similar services.

We remain at your disposal for any clarification required.

Sincerely,

Arsenios Melas
Programs Manager
